
Quality Policy

December 2021

Enerpac Tool Group is a global market leader in high pressure hydraulic tools, controlled force products and solutions for precise positioning of heavy loads.

Our experience, comprehensive product range and on-site service teams support our global customers via a network of strategically placed locations and a team of 2000+ employees.

Our Leadership Team recognizes that exceeding our customers' expectations through the outstanding quality of our products and services is fundamental to achieving our Company strategy.

Accordingly, we will at all times endeavor to:

- Focus on our customers' needs.
- Establish a culture of continuous improvement and innovation.
- Be recognized as a "Zero Incident" global company.
- Provide world class products and services that deliver Integrity Assurance
- Meet our commitments to all our stakeholders.
- Improve our standards of manufacturing in pursuit of "zero defects", including through consistent execution and implementation of a robust corrective and preventive actions system.
- Manage our product and service portfolio for sustainable year over year growth.
- Comply with all regulatory requirements, industry standards and applicable best practices.

Our Leadership Team will regularly review this policy and the Company's progress towards achieving these objectives and its strategy, including at Management Reviews, and commit sufficient resources to do so and satisfy the requirements of the ISO 9001 standard.

This policy is available upon request to all interested parties
